## Starting soon... **The Marriage Course**

An opportunity for couples to invest in their relationship, whether you have been married 40 years or preparing for marriage this course is for you.

On The Marriage Course, you are seated at your own table for two. Each session consists of food and/or drink, a practical talk and a time for private discussion between you and your partner.

Background music ensures that you can chat in complete privacy. You never share anything about your relationship with anyone other than your partner.

Our couples last year said this about the course...

*"this course get you talking about things that you won't otherwise think about"*

**"Life changing lessons"**

*"it's been an invaluable opportunity to get to know my other half better...it's allowed us both to grow as individuals and as a couple"*

*"just really loved it"*

**"a place where you can be honest"**

*"a great place to start some of those conversations you may never have thought you needed..."*
